Their future plans include opening the first new store since the Great Recession in Palm Beach Gardens on April 25 and moving the Stuart store six miles south to a new beautiful location. The three- to five-year business plan includes opening four new stores in new and previously served markets.

They look forward to serving you. Remember, "all roads lead to Paradise."

When told she was named a Readers' Choice, Pet Silhouette owner Pam Sine laughed in surprise, saying "It's a big honor." Sine and her groomers stay up to date on the latest dog cuts and grooming products, because American Kennel Club procedures change and so do the wishes of Florida dog owners. "Our groomers can groom any breed," she said. "We do small dogs to 200 pound-plus dogs."

Sine and her groomers take as much time as they need with the dogs, based on the animal's age, and temperament, she said.

"A geriatric dog takes more time than

a young dog," she said, because they have aches, pains and worries that a young dog doesn't have. Terriers are hyper-active little diggers. If you understand their behavior, you work with the dog, and it work for you.

"Dogs can't handle an assembly-line," she said. "We never overpower them; we just keep it relaxed and playful."

Pet Silhouette's easy-going, dog-friendly attitude makes them a favorite of show dog owners and people whose pets are part of the family. They drive from the Treasure Coast and Palm Beaches to Hobe Sound. And some seasonal residents even fly their dogs in for summer grooming. "They'll have a driver pick the dogs up at the airport and deliver them to me for grooming," Sine confirmed. "When we're done, the driver takes them back to the airport for their flight home."

Robert Dean Schiller Pools, Inc. is once again a favorite among Martin County pool builders.

Whether the customer wants a new pool, complete with rock work and waterfalls, or a "facelift" for a pool in need of restoration

or transformation. R.D. Schiller Pools has been known to come in and save the day when other companies have fallen short of their tasks.

"We specialize in the unique and love a new, challenging design," said owner Dean Schiller.

Robert Dean Schiller Pools, Inc. is a family owned and operated business that has served the Treasure Coast for more than 27 years.

Schiller's team is known for transforming a "blah" back yard into an oasis of fun and relaxation using the latest pool construction equipment and techniques.

Dean Schiller has been building swimming pools since the age of 15 and knows the business inside and out.

While he is proud to complete elaborate design projects for clients such as Gloria Estefan, Jupiter Island and Sailfish Point, he takes equal pleasure in constructing a standard rectangular pool for families up and down the Treasure Coast.

Whether it's a new pool or a renovation project, R.D. Schiller Pools respects its customers' wishes.

"We listen to what the customer has for a dream pool," Schiller said, "and we will make your dreams come true!"
